

# Call For Papers

## 2026 IEEE 9th International Conference on Electronic Information and Communication Technology

November 20-23, 2026, Foshan, China

### Organizing Committee

#### Honorary General Chairs

Yiannis Vardaxoglou, *South China University of Technology*  
Kwai Man Luk, *City University of Hong Kong*

#### General Chair

Wenquan Che, *South China University of Technology*  
Qiang Cheng, *Southeast University*

#### General Co-Chairs

Kai Kit Wong, *University College London*  
Xiuyin Zhang, *South China University of Technology*  
Bo Zhang, *University of Electronic Science and Technology of China*  
Mingchun Tang, *Chongqing University, China*  
Hang Wong, *City University of Hong Kong*  
Yijun Feng, *Nanjing University*  
Guanlong Huang, *Foshan University*

#### Technical Program Committee Chairs

Bian Wu, *Xidian University*  
Shiwei Qu, *University of Electronic Science and Technology of China*  
Guoqing Luo, *Hangzhou Dianzi University*  
Peng Han, *South China Normal University*

#### Technical Program Committee Co-Chairs

Qi Wu, *Beihang University*  
Kuang Zhang, *Harbin Institute of Technology*  
Xiaoming Chen, *Xi'an Jiaotong University*  
Shaoyong Zheng, *Sun Yat-Sen University*  
Wenjie Feng, *South China University of Technology*  
Yongtao Jia, *Xidian University*  
Xiang Yi, *South China University of Technology*  
Junyan Dai, *Southeast University*  
Yikai Chen, *University of Electronic Science and Technology of China*  
Le Ge, *Shenzhen University*  
Lei Zhao, *China University of Mining and Technology*  
Siping Gao, *Nanjing University of Aeronautics and Astronautics*  
Chaoyun Song, *Shenzhen University*  
Yanhui Liu, *University of Electronic Science and Technology of China*  
Kwok L. Chung, *Guangzhou Institute of Science and Technology*  
Botao Feng, *Shenzhen University*

#### International Advisory Chairs

Ke Wu, *University of Montreal*  
Kam Weng Tam, *University of Macau*  
Wonbin Hong, *Pohang University of Science and Technology*

#### Awards Committee Chairs

Yongmei Pan, *South China University of Technology*  
Wei Lin, *The Hong Kong Polytechnic University*  
Shiyang Tang, *Xidian University*  
Luyu Zhao, *Anhui University*

#### Special Session Chairs

Yafei Wu, *University of Electronic Science and Technology of China*  
Zuojia Wang, *Zhejiang University*  
Mei Li, *Chongqing University*  
Haoshen Zhu, *South China University of Technology*  
Huidong Li, *Southeast University*  
Nengwu Liu, *Xidian University*  
Jinxu Xu, *South China University of Technology*  
Anyong Qing, *Foshan University*  
Gaosheng Li, *Hunan University*  
Ke Chen, *Nanjing University*  
Wanchen Yang, *Nanjing University of Aeronautics and Astronautics*  
Yu Luo, *Tianjin University*  
Qingfeng Zhang, *Southern University of Science and Technology*  
Jianxun Su, *Beijing University of Posts and Telecommunications*  
Gang Zhang, *Nanjing Normal University*  
Junhui Ou, *South China University of Technology*

2026 IEEE 9th International Conference on Electronic Information and Communication Technology (ICEICT 2026) will be held in Foshan, China on November 20-23, 2026.

ICEICT 2026 is sponsored by Foshan University and IEEE Harbin Section. It is also supported by IEEE Harbin AP/MTT/EMC Joint Chapter, Anhui University.

Previous ICEICT (2016-2019-2020-2021-2022-2023-2024-2025) were successfully held respectively and all the accepted papers from ICEICT conferences have been included in IEEE Xplore and indexed by EI Compendex.

### Topics

#### I. Communications and Network

- Wired & wireless communication and networking
- Optical fiber/microwave communication
- IoT (Internet of things); RFID; WPAN; ZigBee

#### II. Signal Processing and Information Technology

- Radar SP and imaging, SAR, ATR
- MIMO SP
- Marine perception, communication and detection
- Coding, compression and information theory

#### III. Microwave Technology and Antennas

- Antennas, propagation, and scattering
- Microwave, millimeter-wave and terahertz technologies
- Optical technology
- Metamaterials, FSS, EBG and PBG
- EMC/EMI

#### IV. Microelectronic Devices and Integrated Circuits

- Digital design
- Analog, mixed-signal and RF design
- Memristor and thin film transistor
- System level design

#### V. Computer Science and AI Technology

- Pattern recognition and computer vision
- Artificial intelligence
- Machine learning and deep learning
- Computer aided technology
- Computer graphics

#### VI. Advanced Materials and Electronic Devices

- Magnetic materials and devices
- Dielectric materials and devices
- Magnetoelectronic materials and devices
- Flexible materials and devices

#### VII. Sensors

- Biosensors
- Marine sensors
- Magnetic, optoelectronic, microwave, gas, pressure sensors

#### VIII. Electrical Engineering and Automatic Control

### Awards

ICEICT2026 Award Committee is intending to present the following three types of awards: 1) Best Paper Award, 2) Student Design Contest Awards, 3) Young Scientist Award. The selections of the awards are based on the quality, originality, and clarity of the paper and the presentation.

### Special Sessions

#### Special Sessions

Special sessions are welcome and the requests should be submitted to the committee at [hit@vip.163.com](mailto:hit@vip.163.com) no later than August 31, 2026. **Foshan Forum of Antenna and Microwave Technology** will be organized in the conference.

### Important Dates

Preliminary paper submissions: **September 20, 2026**

Notification of acceptance: **October 1, 2026**

Early-bird registration deadline: **October 20, 2026**

Website: <http://www.iceict.org/>

Email: [hit@vip.163.com](mailto:hit@vip.163.com)
